

Insulation Rebate Program

The Green Heart Institute has been chosen to participate in the Governor's Energy Office's (GEO) 2008 Insulate Colorado Grant program.

The purpose of the program is to assist Lyons homeowners make energy-efficient improvements to their homes. Properly insulating and air sealing a home will not only help reduce increasing heating and cooling costs, but also make the home more comfortable.

The grant will supply rebates to homeowners for the insulation of either attic or exterior wall insulation and basic recommended air sealing measures. A 20% contractor job cost rebate or \$300 maximum per home whichever amount is less will apply. Rebates will be awarded on a first-come, first-served basis.

Who is eligible?

Lyons homeowners who are enrolled in the Green Heart Community Initiative program are eligible once they have had their Eco Audit completed. Rebates will be mailed after three months of energy data is entered online.

How does the rebate work?

GEO will supply 20% of the rebate for the contracted job up to \$150. The Green Heart Institute will match the amount from GEO through your Energy Conservation Incentive (ECI). You will still have the remaining funds from your ECI available; minimum of \$150.

How long will this program be available?

Rebates are first come, first serve and will be available until the entire GEO grant money is depleted.

How do I get the rebate?

Once qualified, you can receive the rebate by following these simple steps.

1. Have a certified program insulation installer add attic or exterior wall insulation.
 - a. The insulation installer will be paid in full.
2. Mail the following information to the Green Heart Institute
 - a. The home owner rebate request form
 - b. The insulation invoice
 - i. Include the overall cost
 - ii. Include a list of all measures performed
 - c. Copies of the official 'insulation card' provided by the insulation contractor

What are the Governor Energy Office's program guidelines?

The program guidelines created by the Governors' Energy Office are located on the homeowner rebate form.

How do I obtain a rebate form?

Pick one up during a home owner orientation meeting, ask you Eco Auditor or contact the Green Heart Institute.

Who should I contact in regards to questions about this program?

Contact Brian Albers with the Green Heart Institute at 303.704.6637 or Brian@GreenHeartInstitute.org.

What is the Green Heart Institutes mailing address?

2805 Wilderness Place
Suite 1200
Boulder CO 80301
